## **Black Bean and Corn Nachos**

Looking for a really quick and easy, but downright delicious party food? We've got you covered! Our **Fredericksburg Farms Black Bean and Corn Salsa** is mighty tasty right out of the jar enjoyed as a salsa with chips. But try these nachos and you'll never want the re0rified bean variety again.

Makes 30 nachos.

30 good quality large corn tortilla chips  
**Fredericksburg Farms Black Bean and Corn Salsa**  
Shredded Monterey Jack Cheese  
Sour cream

Preheat oven to 350 degrees. Top each tortilla chip with a heaping tablespoon full of the **Black Bean and Corn Salsa**. Place the chips on a baking sheet large enough to hold them all in a single layer. Top each nacho with a generous amount of the shredded cheese. Place the baking sheet in preheated oven and bake for about 10-15 minutes, or until cheese has melted and is bubbling. Remove from oven and spoon desired amount of sour cream on each nacho. Transfer to a serving platter and serve.
